### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Herrick on 1/22/04.

The application has been amended as follows:

At the end of claim 1, after the word "dried" please add ", wherein said micro-fine fibers have an average diameter under 0.5 microns."

Please cancel claim 2.

2. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest a fibrous layer for personal care products comprising micro-fine fibers deposited as an aqueous slurry onto a nonwoven web that is inherently wettable or treated to be hydrophilic, and subsequently dried, wherein said micro-fine fibers have an average diameter under 0.5 microns. The claims are allowable over the previous rejection because the term micro-fine is limited to fiber diameters below .5 microns.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
